Application package with focus on eForm

eForm - Main objectives

- **Increase overall efficiency** of the selection procedure
- **Implement the Result Based Management (RBM)** at Programme and project level
- **Ensure consistency** among Programme objectives, priorities, results and indicators and project proposals
- **Support project compliance with the rules of the Call** by including alerts, checks, guidance etc.

Result based management

Key principles

Partnership: common benefits and recognition of the role of all partners

Accountability: all key actors are accountable for the results

Continuous learning: monitoring and evaluations are focused on measuring and assessing the performance of the project

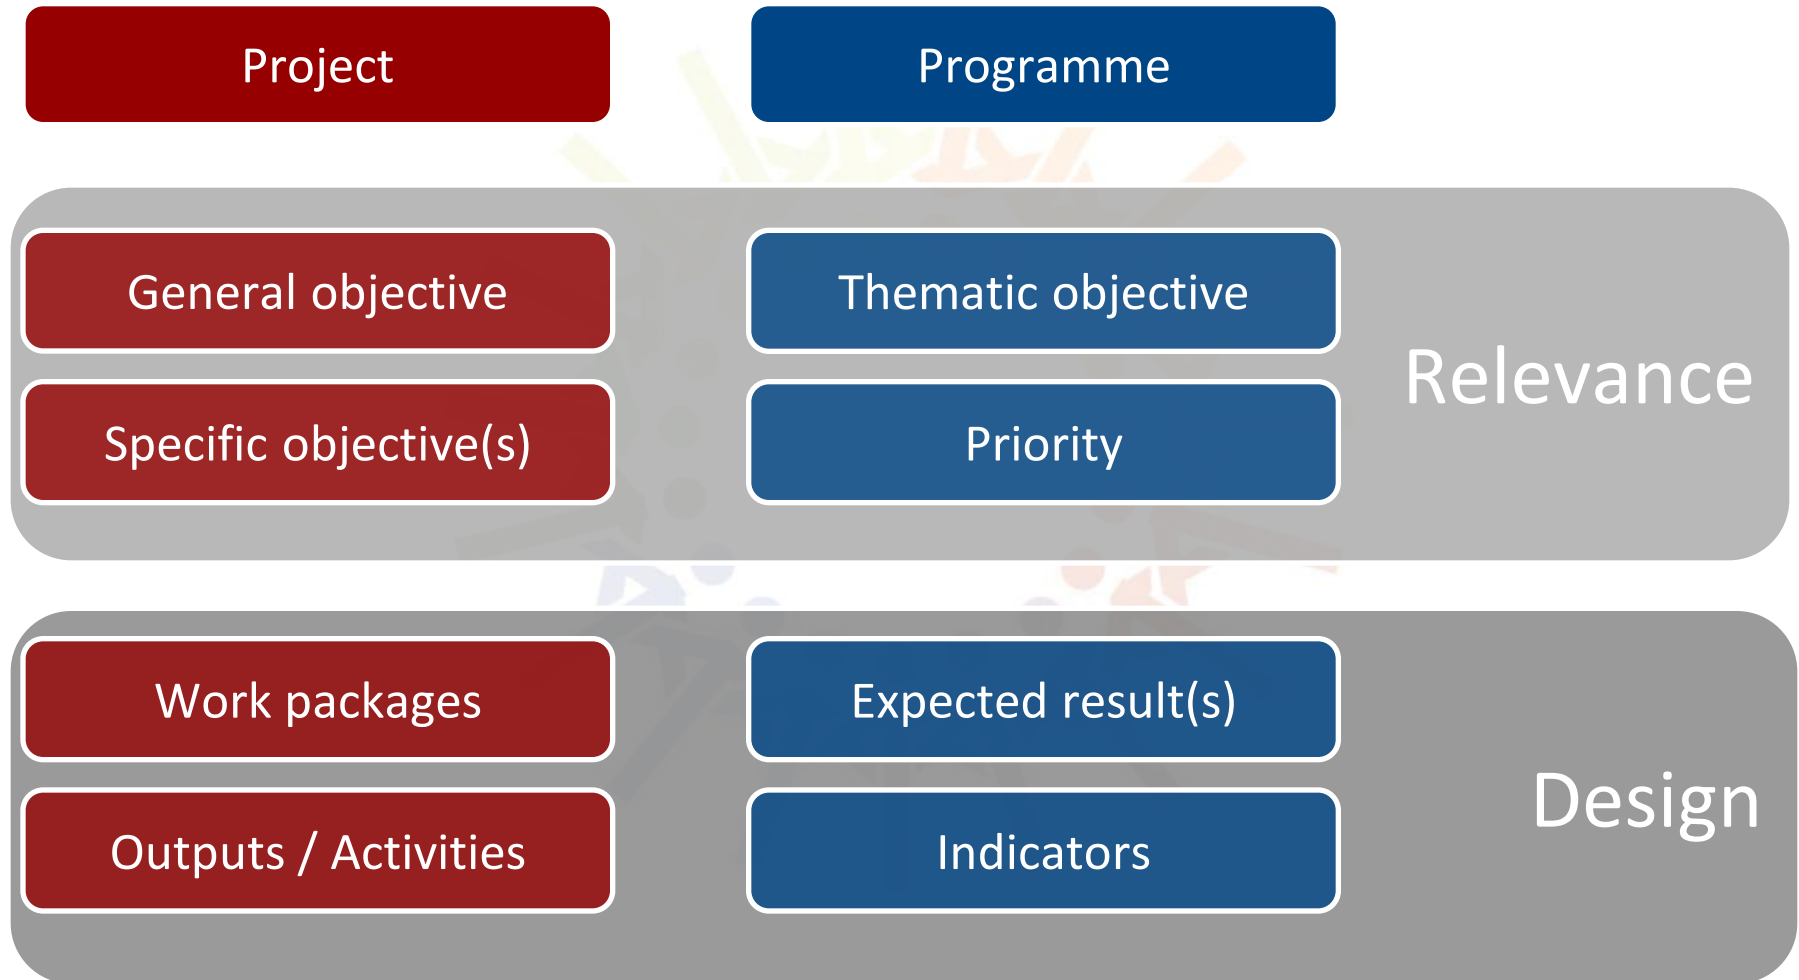

Transparency : reports on progress in achieving the results are available for all stakeholders, including setbacks, changes and modifications

Simplicity: better understanding of what is expected

Flexibility: changes in external conditions must be taken into account
